

## Next, this coming week's Local News, which is compiled from verified items which are published on the RSGB's website

From the beginning of February, only verified current items have been included in these GB2RS bulletins broadcast on the VHF services (at 09.30 & 10.00) covering Central Scotland. If you want an item to be included, please send it by email to [radcom@rsgb.org.uk](mailto:radcom@rsgb.org.uk) or by contacting your local GB2RS newsreader. To enable verification, items submitted must be new and not just a copy of an earlier item. The reason behind this action is to eliminate factually incorrect information. We need our news to be up to date so that we can avoid broadcasting old items, which are well out of date, resulting in presenting ....*fake news*.

There are two meetings on Tuesday.

Firstly, the *Cockenzie and Port Seton Amateur Radio Club* will be having a construction night at the *Cockenzie and the Port Seton Royal British Legion*. Please note this is a Tuesday evening and not the usual Friday evening. To find out more information, either visit their *Facebook* page or their website at [www.cpsarc.com](http://www.cpsarc.com)
