

GB2RS - Local News 29th March 2026

Next, this coming week's Local News, which is compiled from verified items which are published on the RSGB's website

From the beginning of February, only verified current items have been included in the two GB2RS bulletins broadcast on the VHF services (at 09.30 & 10.00) covering Central Scotland. If you want an item of local news to be included, please send it by email to radcom@rsgb.org.uk or by contacting your local GB2RS newsreader. To enable verification, items submitted must be new and not merely a copy of an earlier item. The reason behind this action is to eliminate factually incorrect information. We need our GB2RS news content to be as up to date as possible, so that we can avoid broadcasting old items, which are often well out of date, resulting in presentingfake news.
