

GB2RS News - 31st May 2026

Next, this coming week's Local News, which is compiled from verified items which are published on the RSGB's website

As most of you will now probably be aware, from the beginning of this year, only verified current items have been included in the two GB2RS bulletins broadcast on the VHF services (at 09.30 & 10.00) covering Central Scotland. Our aim is bring back some actual current news in preference to the stagnant long term standing notices which carry no news content. If you want an item of local news to be included, please send it by email to radcom@rsgb.org.uk or by contacting your local GB2RS newsreader. We recommend that you additionally include the actual date your submission is intended for, so we can ensure that your item is included in the appropriate broadcast.
