

GB2RS LOCAL NEWS - 30 August 2026

Next, this coming week's Local News, which is compiled from verified items which are published on the RSGB's website

The GB2RS local news bulletin is intended to be compiled mainly from items supplied by the RSGB. Unfortunately, most of these have not been updated for a long time and can no longer be considered as either being current or as actual news items. In order to ensure that this particular bulletin which is being broadcast for Central Scotland is up-to-date and accurate, only items which have been verified as being current and correct have been selected. To have an item included in this broadcast, please send it to radcom@rsgb.org.uk or by contacting your local GB2RS newsreader (GM3VTB in Bearsden or GM4DTH in Edinburgh). In order to ensure that it is included in the most appropriate broadcast, please include the date.

British Inland Waterways on the Air is taking place over this weekend and many special event stations are taking part. In Central Scotland, the *Livingston and District Amateur Radio Society* are operating three stations. They are GB0FW located at the Falkirk Wheel, GB0KLP at the Kelpies and GB0WIM from the Winchburgh Marina. They are operating on 40m and on 2m FM. Why not listen out for them and give them a call.
