GB2RS LOCAL NEWS - 25 October 2026

Next, this coming week's Local News, which is compiled from verified items which are published on the RSGB's website

The GB2RS local news bulletin is intended to be compiled mainly from items supplied by the RSGB. Unfortunately, most of these have not been updated for a very long time and, therefore, can no longer be considered as either being current or as actual news items. In order to ensure that this particular bulletin which is being broadcast for Central Scotland is up-to-date and accurate, only items which have been verified as being current and correct have been selected with priority being given to actual news. To have an item included in this broadcast, please send it to *radcom@rsgb.org.uk* or by contacting your local GB2RS newsreader. In order to ensure that your input is included in the most appropriate broadcast, please include the date.
